

## ARCHIDEX Star Award – Advanced Materials Nominee

**ME Floor's Tanggam Kitchen System** is designed by talented Ben Phua. It combines traditional wood joinery with modern modular design for a durable, adaptable kitchen. Its solid wood construction allows for easy repairs and reconfiguration, and amazing aesthetics. The Pulau 01 island —meaning "island" in Malay— showcases its versatility and portability in various applications.

Tanggam Kitchen System is made of repurposed ME Floor flooring products that were used as a buffer for the past completed projects. Species used include Merbau, White Oak, Carbonized Ash, Walnut.

Visit **ME Floor** at **ARCHIDEX 2025** (KLCC, Booth No. 6D037) to explore how **Tanggam Kitchen System** bridges tradition and modernity in sustainable design.
